

8.5x11 Outdoor Frame for Pole Mounting

Product No. F01364P

ASSEMBLY INSTRUCTIONS

Insert Graphic

1. Loosen the metal brackets in the corner and hex screw with the included hex key to remove the top of the frame.
2. Insert graphic through the top, put the top of the frame back in place & tighten the hex screw.

Mount to Pole

1. Insert band clamps through the insert slots on the back of the frame.
2. Position the clamps around the pole and tighten with regular screwdriver (not included) until secure. Do not over tighten.
